Miami Lakes Educational Center is a new approach to public high school education. Launched by insightful educators and ambitious industry leaders, MLEC is designed to immerse students in a rigorous learning environment that engages their interest in various fields such as graphic design, international business and marketing, pre-nursing, automotive service technology, and computer network administration.

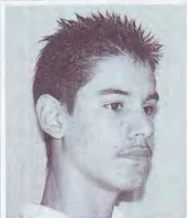

welcome to...

As a tuition-free public high school with an international profile, Miami Lakes Educational Center will continue to pursue the integration of intellectual and technical endeavors.

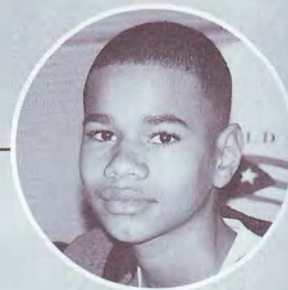

August 2000, MLEC High School Division opened its doors to approximately 350 9th and 10th graders. And so began a new chapter of education, with the convergence of an adult vocational center and a secondary academic institution. With its first fruits of labor, a new highly marketable wave of high school graduates is scheduled to be ripe for the picking by employee-hungry industries by mid 2003. Those 9th and 10th graders are to be the precedence for, not only the MLEC students who follow them, but also for all the institutions that are built upon the revolutionary groundwork that MLEC has set.

MLEC involves the parents and guardians as much as the students, by ensuring that the parents and guardians are aware of their children's academic progress and attendance at all times. We ensure that the learning-conducive environment begins far before 7:30 and continues far after 2:30.

With the beginning of a new academic year approaching, the 2001-2002 New Student Orientation is the preamble to this parent/school collaboration. Parents with their students in tow poured into the dining hall eager to be involved in their children's eminent success.

With a passionate faculty led by a competent and dedicated administrative body, MLEC has set the standard for schools of its sort.

MEET & GREET

A special assembly was held to welcome the students, faculty, and staff of MLEC to a new school year. This "Meet and Greet" assembly was our first trip to the F Cafeteria.

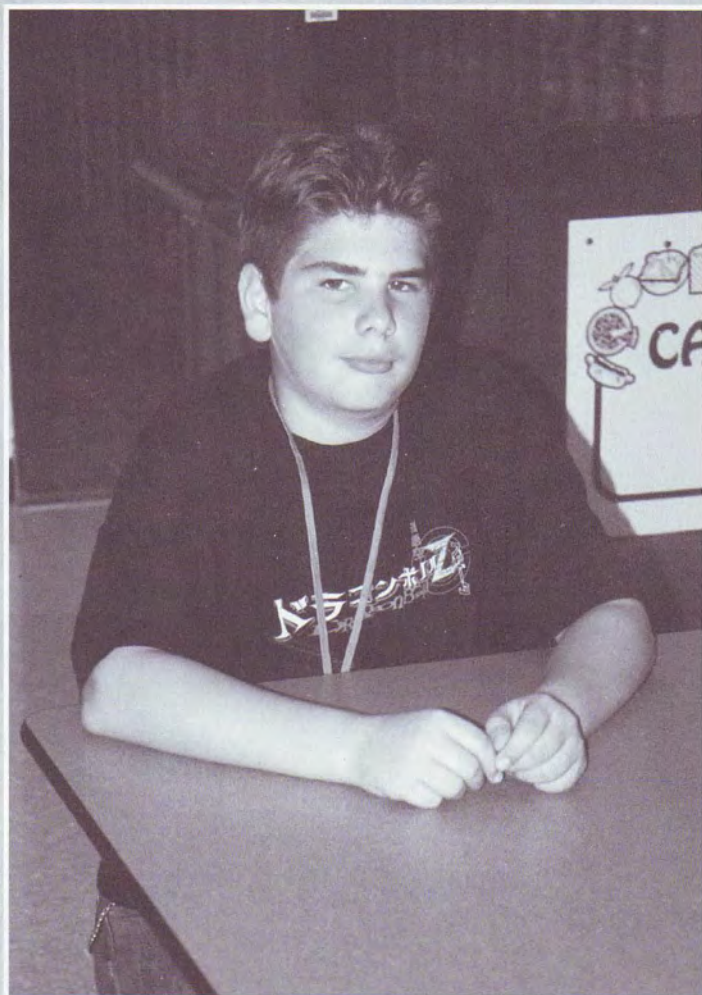

During the assembly, students were introduced to our new principal Ms. Rosa D. Borgen. Ms. Borgen expressed how excited she is to be our principal and reminded us that she has high expectations for each individual student and for us as a school.

Also present was Ms. Thomas, our returning vice-principal, who encouraged students to do well and get involved in activities. Our returning assistant principal, Mr. Garcia, spoke to the students about the importance of "...doing what has to be done." As a whole, the administration reminded students that "**Failure Is Not An Option!**"

We also met the security staff and our new student services personnel. Ms. Fernandez is now the head of a brand new staff. Students were pleased to find out the names and see the faces of the persons they will need to turn to in times of joy and sorrow.

Ms. Perla Tabares Hantman
Chair

Dear Students:

Dr. Michael M. Krop
Vice Chair

This has been the second year of operation of the high school division of Miami Lakes Educational Center, a dual-delivery educational institution which encompasses both secondary and post-secondary students attending classes simultaneously. We are unique in our district since acceptance into our program allows you to receive a regular or college-ready high school diploma and earn a certificate of completion in any of the technical programs offered. We have also entered into unique partnerships with business and industry that allow for specialized training in several technical areas, and our school has been designated as an AutoCAD training center, a Toyota T-Ten and collision training center, a CISCO and an AYES (Automotive Youth Educational System) program center.

You are setting the example, forging traditions and trails for other students to follow in your footsteps. In essence, you are making history in your school. We have grown together this year, and you have developed a sense of purpose and accomplishment that accompany a job well done.

Our new principal, Ms. Rosa D. Borgen, allotted a couple of minutes of her time to the year-book staff to interview her about her career. Though she

is new to MLEC, she has 13 years of experience as a principal. We were pleased to find that she continues to harbor zeal for her profession. Before becoming a principal, Ms. Borgen was a legal secretary, a teacher and an administrator. Open House

Tuesday, October , 2001

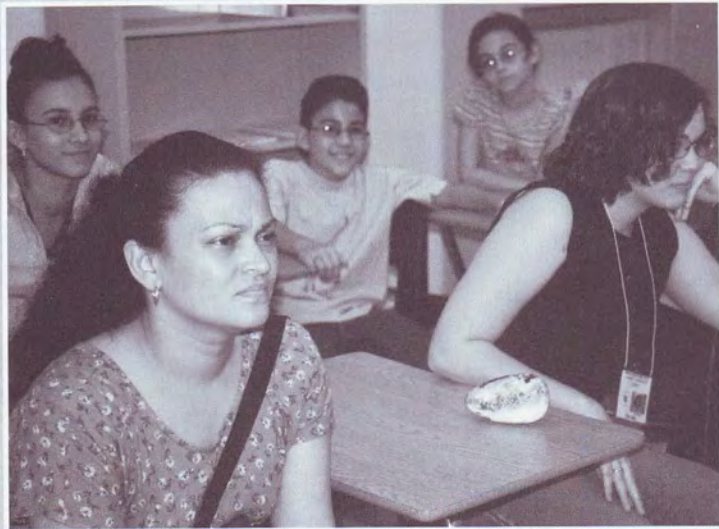

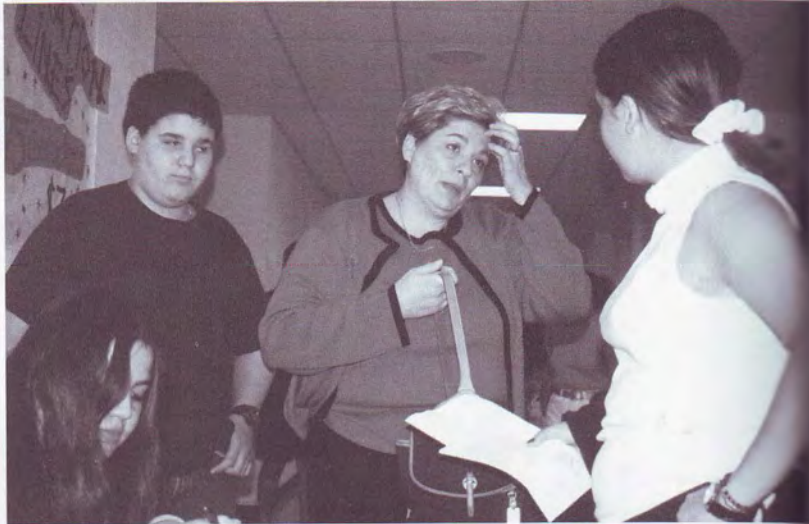

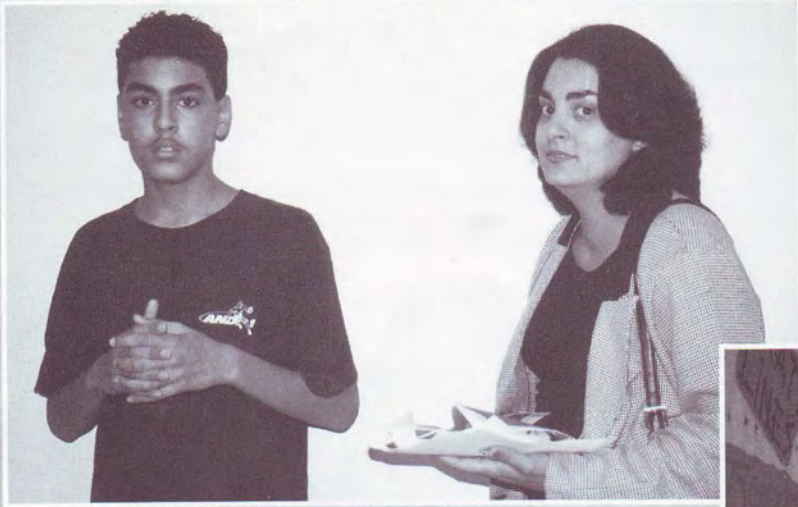

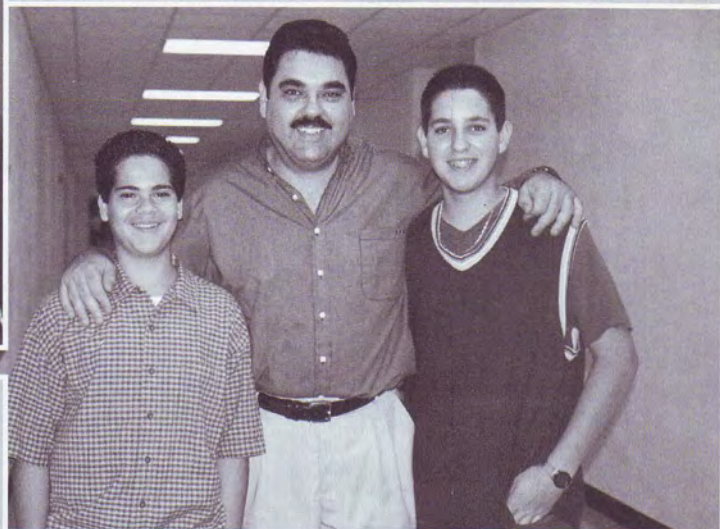

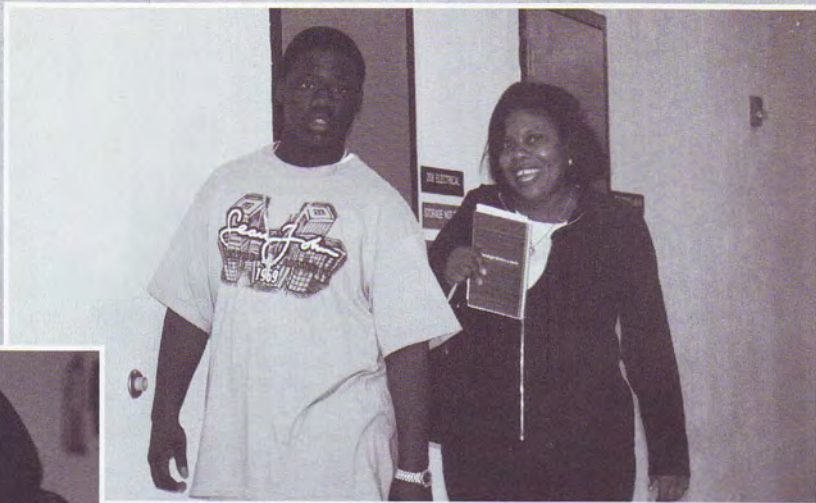

All are welcome!

“Open House” or “Back to School” night is an evening when parents are able to visit the classrooms their children spend so much of their time in. Parents and teachers can meet face to face and develop an alliance for success. Teachers are able to introduce parents to the curriculum and show them just what the students have done in class. Sometimes the students join their parents on their quest for information; some leave happy, others do not.

SHORTS DAY 2001

September 11, 2001 will be remembered as one of the most horrific days our country has ever experienced! Upon hearing of the first attack on the World Trade Center, parents and students paused for a moment of silence. This event affected everyone in various ways, however, the Miami Lakes Educational Center family did not stand idly by. We gave blood, made monetary donations, and participated in a bear drive.

THE SHANKENS, A VIRTUOUS FAMILY THAT ONCE LIVED
HERE WAS FOREVER CURSED BY AN EVIL ENCHANTRESS. THERE
PUNISHMENT WAS MUMMIFICATION AND AMPUTATION OF
THE TONGUE. IT IS SAID THAT YOU COULD HERE THEIR SCREAMS
AND MOURNFUL CRIES AS THEY PERISH IN ETERNAL DAMNATION.
COMING BACK FOR REVENGE AND FREEDOM. THE FAMILY TRIES
TO BESEECH THE INNOCENT TO BE RELEASED. PERIODICALLY, THE
FAMILY SUCCEEDS IN CAPTURING THEIR VICTIMS, WHO ALWAYS
SEEM TO "LOSE" A PIECE OF CLOTHING OR OTHER. ARE YOU AFRAID
OF THE DARK? . . . HOPE NOT. IT HAS ALSO BEEN SAID THAT
GRABBING, TOUCHING, AND REACHING CAN RESULT IF THE
VICTIMS DO NOT SURRENDER. WHAT WILL YOUR CHOICE BE?

WEAKENED WITH TERROR AND HORRIFIED WITH FRIGHT

BE CAREFUL, REALLY CAREFUL BECAUSE YOUR LIFE IS AT STEAK

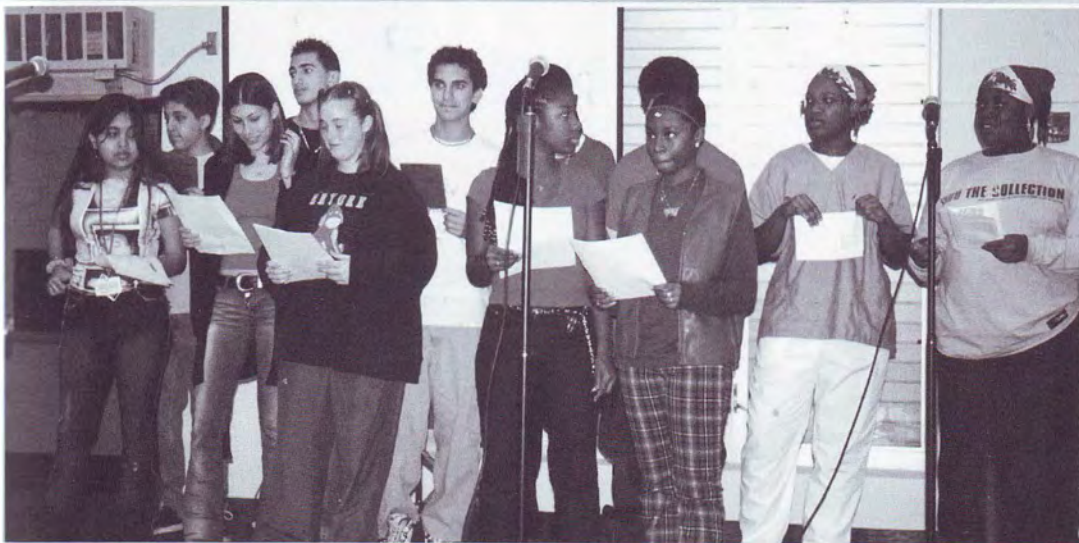

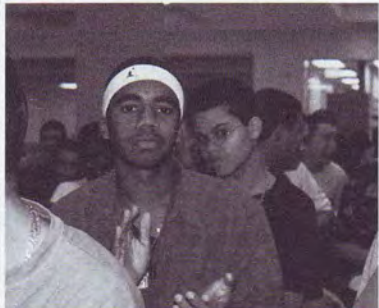

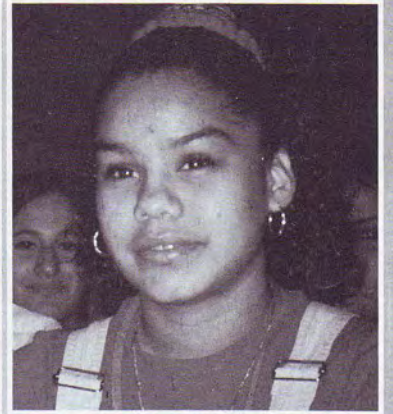

AFRICAN AMERICAN HISTORY PROGRAM

Coming of Age

The celebration of a young girl's transition to womanhood, occurs as a rite of passage in many cultures. For those of Hispanic descent, this tradition is called Quinces (after the Spanish word denoting the number 15). Quinces are similar to sweet-sixteens and the coming out of a debutante, but are more ceremonial. All of these celebrations incorporate instances of symbolism. For example, the young woman usually wears a white gown and long white gloves that are reminiscent of wedding attire; or a long gown in a pastel color (this symbolizes innocence), and a tiara. At the beginning of some Quinces celebrations, the young lady's shoes are flat and then changed by the father during the procession to symbolize his acceptance and support of the fact that his daughter is entering womanhood. Preparations for these celebrations often begin as early as a year before. During this time, the young lady and her family must make many decisions. Most importantly, they must decide what traditions will be followed.
